EXHIBIT DESCRIPTION

25 Apparent muscle tissue collected from Kyrian Knox CHICAGO PD UNIT 630

Laboratory Case #C15-027370 -2- February 28, 2018 RESULTS

DNA from Exhibits 11A, 13A, 15A, 16A, 17A, 22A, 23A, 24A and 25 was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820,CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818,FGA, and Amelogenin.

DNA results from this analysis were compared to the human male DNA profile previously identified in Item 1 (sample from left hand of Kyrian Knox) from FBI Laboratory case number 2015-01980-3. A mixture of human DNA profiles was identified in Exhibit 11A at the D8S1179, D21S11, D3S1358, TH01, D13S317, D19S433, vWA, TPOX, D5S818, FGA, and Amelogenin loci which was interpreted as a mixture of at least two people.

A major human male DNA profile was identified in Exhibit 11A at the D8S1179, D21S11, D3S1358, TH01, D19S433, vWA, D5S818, and Amelogenin loci from which Kyrian Knox can be excluded.

** The exact number of additional contributors to the mixture of DNA profiles identified in Exhibit 11A could not determined. Profiles from additional contributors to this mixture are potentially incomplete and

not suitable for comparisons. Quantitative PCR indicates there is insufficient human DNA in Exhibit 12A for autosomal STR or Y-STR

analysis. Exhibit 12A was not profiled.

No human DNA profile was identified in Exhibit 13A.

A human female DNA profile was identified in Exhibit 15A at the D8S1179, D21S11, D7S820, CSF1PO,D3S1358, TH01, D13S317, D16S539, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin loci.

No human DNA profile was identified in Exhibit 16A.

A human DNA profile was identified in Exhibit 17A at the D3S1358, D19S433, and Amelogenin loci which was interpreted as having originated from at least one contributor. The exact number of contributors to this DNA profile could not be determined. This DNA profile is potentially incomplete and not suitable for comparisons.

A human male DNA profile was identified in Exhibits 22A and 23A from which Kyrian Knox cannot

be excluded. Approximately 1 in 5.0 quintillion Black, 1 in 100 quintillion White, or 1 in 170 quintillion Hispanic unrelated individuals cannot be excluded from having contributed to this DNA profile.

A mixture of human DNA profiles was identified in Exhibit 24A at the D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D5S818, FGA, and Amelogenin loci which was interpreted as a mixture of at least two people. The exact number of

contributors to this mixture could not be determined. This mixture is potentially incomplete and not suitable for comparisons.

CHICAGO PD UNIT 630 Laboratory Case #C15-027370 -3- February 28, 2018 RESULTS (continued) No human DNA profile was identified in Exhibit 25. REQUESTS

Upon submission of standards, further analysis can be conducted to resolve the source of the DNA profiles identified in Exhibits 11A and 15A. For results of previous biological examinations, please refer to my prior laboratory reports, the laboratory reports by Forensic Scientist Ronald J. Tomek from the Forensic Science Center at Chicago and the laboratory report by the FBI Laboratory dated October 14, 2015.

Please note that additional items were received but not examined at this time.

If you have any questions regarding this report, please feel free to contact me.

EVIDENCE DISPOSITION

Please note that Exhibits 11A, 12A, 13A, 15A, 16A, 17A, 22A, 23A and 24A were consumed in DNA analysis. Extracted DNA remains from Exhibits 11A, 22A and 23A for additional testing. DNA evidence from this case will be returned to the Chicago Police Department Evidence and Recovered

Property Section.

** Please note that this report has been amended to include a statement regarding the additional contributors to the mixture of DNA profiles identified in Exhibit 11A. Any analysis conducted is accredited under the laboratory's ISO/IEC 17025 accreditation issued by ANSI-ASQ National Accreditation Board (ANAB). Refer to certificate #AT-1697 and associated Scope of Accreditation.

CHICAGO PD UNIT 630

Laboratory Case #C15-027370 -2- November 19, 2015

RESULTS

DNA from Exhibits 8A, 9A1 and 10B1 was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317,D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin. Quantitative PCR indicates there is insufficient human DNA in Exhibits 7A, 9B1 and 10A1 for AmpFISTR Identifiler Plus STR analysis. Exhibits 7A, 9B1 and 10A1 were not profiled.

A low level human male DNA profile was identified in Exhibit 8A at the Amelogenin locus that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons. No human DNA profile was identified in Exhibit 9A1.

A low level human male DNA profile was identified in Exhibit 10B1 at the D8S1179, D3S1358, TH01, D19S433, and Amelogenin loci that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons.

COMPLAINT FOR SEARCH WARRANT

Complainant states that he has probable cause to believe upon the following facts that the above vacant two flat located at 3926 W. Grenshaw, Chicago, Cook County, IL was a possible location where Kyrian Knox was dismembered and packaged in plastic wrapping then thrown into the Garfield Park Lagoon. The issuance and execution of this warrant will assist in the gaining of evidence, locating an additional crime scene and possible skeletal remains of Kyrian Knox that were not recovered from Garfield Park Lagoon.

Detective Michael Kennedy, star number 20102, having been a duly sworn Chicago Police Officer for nineteen years and was promoted to the rank of Detective in January of 2007. I am currently assigned to the Detective Division Area North Homicide/Gangs/Sex Unit where I have been assigned since being promoted to the rank of Detective.

Your affiant was assigned to investigate the Death Investigation of Kyrian Knox (M/1/2) which commenced on 05-Sep-2015 at 1640 hours at the Garfield Park Lagoon, located at 241 N. Hamlin, Chicago, Cook, Illinois and recorded under C.P.D. RD # HY-411806. During this discovery, the Chicago Police Department only recovered the severed left and right hand, left and right foot and head of Kyrian Knox.

In furtherance of this investigation revealed that the victim Kyrian Knox, a two-year old child, had been left in the custodial care of Kamel Harris and at their residence in Rockford, Illinois on 19-Aug-2015. Kyrian Knox was last seen in the care of Kamel Harris or during the final week of August 2015. Kamel Harris and failed to report the child as missing until 17-Sep-2015 at which time Harris and provided false information to the police regarding the

circumstances of the child's departure from their care. The investigation revealed that Kyrian Knox was transported to Chicago in a 1996 Camaro (VIN# 2G1FP22K7T2139103) by Harris and on about 31-Aug-2015. An Illinois toll violation was issued to the Camaro on 31-Aug-2015 at 18:04:04 at NWT-RIVRR-53 which is located at the Jane Adams Tollway at River Road. Forensic analysis of the Camaro revealed blood/DNA of Kyrian Knox was located inside the vehicle. A cellular phone analysis revealed that Foggs' phone on 31-Aug-2015 transmitted in close proximity to the lagoon.

On 03-Nov-2015, your affiant was informed by the FBI that as a result of the DNA comparisons, the body parts recovered in the Garfield Park Lagoon were a positive match to Kyrian Knox.

Kamel stated that he (Kamel) had killed that baby that they had found "chopped-up" in the lagoon in Chicago. Kamel explained that the child's mother had been "put out" of her house and as result of this living situation, her child, now identified as Kyrian Knox, was temporarily living with Kamel. Kamel related that Kyrian Knox's related that K

stated she would give Kamel more money at a later date. Kamel explained that Kyrian had lived with him for approximately two weeks and Kyrian's mother, now known as had not given him any more money. Kamel explained this made him very angry. Kamel related that he received a phone call from during which time stated she was going to come pick up Kyrian. Kamel explained that he told she could not pick up Kyrian unless she paid him the money she had promised.
Kamel also related to that Kyrian could not eat dairy products and on one occasion Kamel gave Kyrian an item containing dairy following which Kyrian began to cry. Kamel explained he then "snapped" over Kyrian crying in conjunction with not paying Kamel his money owed. Kamel explained that he then found Kyrian lying on the floor.
After killing Kyrian, Kamel explained he tried to pick up Kyrian but found the child unresponsive. Kamel related that his girlfriend attempted to revive Kyrian with negative results. at her residence and transported to Area North (2452 W. Belmont Avenue, Chicago, IL). I made a post Miranda statement regarding the last time she saw Kyrian Knox. I related that sometime during the last week of August 2015, she saw Kyrian Knox alive inside her apartment in Rockford when she left to go to school in the late morning hours. I related that when she left for school Kyrian Knox was left in the care of Kamel Harris. I related that while she was at school she received a phone call from Kamel who requested that she come home related that Kamel had stated that something bad had happened. I related that this phone call occurred sometime near the end of her class and she proceeded to leave school and go home. I related that when she arrived home, no one was present inside the apartment.
When Kamel returned to their apartment, he (Kamel) informed her that he wanted to travel to Chicago to check on the wellbeing of ill. AFFIDAVIT 2016 COH - 110

I, Detective Anthony Noradin #21252, have been a Chicago Police Officer for over twenty-two years (22) years. I have been a Detective for over fifteen (15) years and currently assigned to homicide investigations. I have been the lead homicide detectives in as many as fifty (50) investigations and have assisted in many more homicide investigations. My other duties while assigned to Detective Division have included investigating aggravated batteries, robberies, and burglaries along with other felonies. Prior to being promoted to detective I have been assigned to Patrol Division and a District Tactical Team. I became familiar with street gangs and the members of these street gangs. I have authored numerous search warrants and assisted in others. I have personal knowledge of the facts set forth in this affidavit, based on my participation in the investigation described below, my discussions with other state and local law enforcement personnel involved and my review of written and oral reports by law enforcement officers. I have also relied upon law enforcement data bases for some of my knowledge. I have not provided all the information I know of the investigations but only that which is necessary to establish reasonable cause.

Your affiant is assigned to assist in the investigation of the Death Investigation of Kyrian Knox (M/1/2) which occurred on 05-Sep-2015 at 1640 hours at the Garfield Park Lagoon located at 241 N. Hamlin, Chicago, County of Cook, Illinois and recorded under C.P.D. RD # HY-411806. In furtherance of this investigation, your affiant learned that on 05-Sep-2015 at approximately 1640 hours, the left foot of a small child was discovered floating in the Garfield Park Lagoon. On 05-Sep-2015 at approximately 1840 hours the foot was recovered and a search of the Lagoon commenced with the assistance of the Chicago Police Marine Unit. On 05-Sep-2015 at approximately 2115 hours, Marine Unit Officers recovered a right foot and a left and right hand, all proportionate in size to the previously recovered left foot. On 05-Sep-2015 at

approximately 2145 hours, Marine Unit Officers recovered an "Orbatron" 14.3 pound barbell weight, silver in color with a torn clear plastic bag knotted through its center hole.

On 06-Sep-2015 at approximately 1747 hours, Marine Unit Officers recovered a similar clear plastic bag containing the head of a small child and 4.4 pound barbell weight. The plastic bag was knotted to an "Orbatron" 14.3 pound barbell weight, silver in color. All recovered body parts were transported to the Medical Examiner's Office for a post mortem examination. Tissue samples of each appendage was taken during the examination and shipped to the DNA Analysis Unit of the FBI for identification purposes.

Kamel explained that during the final week of August, a male black driving a burgundy Chevrolet Trailblazer approached him and Kyrian in the front yard of his apartment (Rockford, Illinois). Kamel related that this male black presented himself as family of Kyrian and that he was sent to pick up Kyrian Knox on behalf of Kyrian's mother. Kamel Harris related he gave Kyrian to this male who then left the area.

On 17-Sep-2015, Kamel was informed that was intending on picking up

Kyrian within the next 1-2 days at which time Kamel contacted the Rockford Police Department and reported Kyrian Knox missing.

Kamel related that he grew-up in the neighborhood surrounding the Garfield Park Lagoon and had travelled back to Chicago 3-4 times to visit family during the timeframe of late August to mid-September.

17th of September.

Buccal swabs were taken from and the biological father of Kyrian Knox and sent to the DNA Analysis Laboratory of the FBI in Quantico Virginia. Upon the request of Det. Kennedy #20102, the FBI compared the DNA profile from and to the body parts recovered in the Garfield Park Lagoon. On 03-Nov-2015, your affiant was informed by the FBI that as a result of the DNA comparisons, the body parts recovered in the Garfield Park Lagoon were a positive match to Kyrain Knox.

On the 17th of June 2016, Kennedy was contacted by Rockford Police Department and was informed of the arrest of Kamel Harris for the Aggravated Battery to a DCFS employee. Following his bond hearing, Kamel was transferred to the Winnebago County Department of Corrections for further detention.

On the
related that on two separate occasions, Kamel Harris stated to
in summary that he (Kamel) had killed Kyrian Knox. explained that
during their conversations, Kamel explained that he had agreed to temporarily care for Kyrian
Knox as a favor to his mother, Kamel explained that he became frustrated with
the arraignment as stopped given him (Kamel) money to provide for Kyrian. Kamel
explained that one day he "snapped" following which Kamel realized that Kyrian was lying
lifeless on the floor. Kamel then stated that he was then assisted by an unknown coconspirator in
transporting the remains of Kyrian Knox to Chicago. Kamel explained that he (Kamel) chose to
not dispose of the body in Rockford as Rockford had fewer murders and would have been able to
dedicate more resources to identifying the body and offender. Kamel explained that because
Chicago has significantly more murders that their follow up might not be as thorough.
Kamel continued by explaining to that once in Chicago, Kamel and an
unknown coconspirator dismembered Kyrian and dumped the remains in the Garfield Park

Lagoon. SPAN On the your affiant was also informed who also had information regarding the murder of Kyrian Knox. Your affiant spoke with Kamel Harris during which time Kamel had explained he had conversations with admitted to killing Kyrian Knox. provided a comparable account as to the content of the conversation between himself and Kamel Harris as documented above between and Kamel Harris. and related that at no point had either one of them spoke to one another regarding these conversations with Kamel Harris. Based on the above your affiant and believe that will be able to engage Kamel Harris in future conversations related to the homicide of Kyrian Knox. Your affiant respectfully requests that an order for the use of an Eavesdropping device (audio and/or video) to be issued to the undersigned applicant and all other law enforcement personnel. I being duly sworn under oath, do state that the aforementioned information is true and correct. Det. Anthony Noradin 21252
